

Berry & Vine

Starter Paks

17-5-8 SLOW-RELEASE FERTILIZER PLUS MINORS FAST & EASY APPLICATION

GIVE YOUR PLANTS THE BOOST THEY NEED

BERRY & VINE Starter Paks provide slow-release fertilizer and essential micro-nutrients in a biodegradable pak. This combination offers readily available nutrients to help plants thrive during early stages of growth. A single pak can make the difference in plant survival rates and future production.

GUARANTEED ANALYSIS:

TOTAL NITROGEN (N).....	17.00%
15.00% Urea Nitrogen*	
2.00% Ammoniacal Nitrogen	
AVAILABLE PHOSPHATE (P2O5).....	5.00%
SOLUBLE POTASH (K2O)	8.00%
Magnesium (Mg)	3.34%
3.34% Water Soluble Magnesium (Mg)	
Sulfur (S).....	5.00%
5.00% Combined Sulfur (S)	
Copper (Cu)	0.07%
0.07% Water Soluble Copper (Cu)	
Iron (Fe)	0.16%
Zinc (Zn).....	0.06%
0.06% Water Soluble Zinc (Zn)	

Plant nutrients derived from:

Polymer coated urea, mono-ammonium phosphate, Sulfate of potash, Sulfate of potash magnesia, Ironoxide, Copper sulfate and Zinc sulfate.

*The urea nitrogen in this product has been coated to provide 15.00% coated slow release urea nitrogen.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

**Net Weight: 500 paks per case
11 lbs (10 gram paks)**

Intended Uses: BERRY & VINE Starter Paks provide slow-release fertilizer and essential micro-nutrients in a biodegradable pak. This combination offers readily available nutrients to help plants thrive during early stages of growth. A single pak can make the difference in plant survival rates and future production.

Compatibility: BERRY & VINE Starter Paks may be used in conjunction with chemical fertilizers as well as biologicals.

Manufactured and guaranteed by:
