

MYKOS[®] GOLD

Granular

BIOLOGICALS

MYCORRHIZAL INOCULANT

ROOT ENHANCER
Increases Nutrient
Uptake & Accessibility

Great for use on seed
beds, transplants, and
nursery applications.

CONTAINS NON-PLANT FOOD INGREDIENT(S)

Soil Amending Guaranteed Analysis

Contains the following species of vesicular-arbuscular mycorrhizal fungi:

Rhizophagus intraradices 150 propagules / g

Statement of Claims: RTI certifies that this product contains the microorganisms identified on the label at the stated count.

The organisms are sensitive to environmental conditions and RTI is unable to make any guarantees beyond the statement above.

Information regarding the contents and levels of metals in this product is available on <http://www.aapfco.org/metals/html>

Warranty: Any liability expressed or implied, is limited to the purchase price of this product.

Expiration Date:

Net Weight: 10 lbs / 4.54 kg

Directions for Use:

Application Rate:

Amend 5 lbs. of MYKOS GOLD per yard of soil (764.5 cubic liters) or apply 10 lbs. of MYKOS GOLD per acre.

Application Methods:

MYKOS GOLD offers versatile application options to suit various nursery and farming practices. It can be introduced to seed beds, transplants, soil & media through the following methods:

1. Amending Soil & Media

Mix MYKOS GOLD into the growing medium at a rate of 5 lbs. per yard.

2. Transplanting

Distribute MYKOS GOLD on the bottom and sides of the planting hole:

Container Size

Application Rate

1 gallon (4 L)	1 tsp (4 g)
3 gallon (11 L)	1 Tbsp (12 g)
1 ft ³ (28 L)	2 Tbsp (24 g)
Large Boxes	1-2 lbs. (500 g - 1 kg)

3. Starter Fertilizer

Mix MYKOS GOLD with broadcast fertilizer at a rate of 10 lbs. per acre.

4. Cover Crops

Mix MYKOS GOLD with seed at a rate of 10 lbs. per acre. MYKOS GOLD may be used with seed drills.

Compatibility Guidelines: MYKOS GOLD can be mixed directly with most dry fertilizers, herbicides, and other microbial products. Do not mix with fungicides and pesticides, as these products may reduce the effectiveness of MYKOS GOLD.

Storage & Handling: Keep MYKOS GOLD in a cool, dry place away from direct sunlight. Always use gloves when handling and mixing.

General Use Information: MYKOS GOLD is a granular inoculum that can be applied using a variety of application methods to nursery and farming practices. Direct application of MYKOS GOLD on or near the seed or living plant root to allow the mycorrhizal fungi to contact and colonize the developing plant roots.
